Wed, Sept 24 12PM Bioengineering Dept Special Seminar
Primate Oculomotor Networks are Recruited by Abstract Cognition

David J. Freedman, PhD
Stahl Professor of Neurobiology
University of Chicago

6014 BST3

(Sponsored by the Bioengineering Department)

Please note about job postings:

Previously, the Neurotransmitter listed jobs and professional opportunities in this section of the newsletter. We will instead move these postings to a page on our website (<https://www.cnup.pitt.edu/job-postings>). Please check there for any existing or upcoming postings! We will host them on the website for 3 months, after which we will take them off the site. If you send us a posting and wish for it to remain up longer than that, please let us know at the end of each 3-month interval and it will remain live.
